DETAILED ACTION

Status of the Application

1. Receipt is acknowledged of the July 29, 2005 Supplemental Response.

Status of the Claims

2. Claims 30-44 and 46 are pending. Applicants amended claim 42. Therefore, claims 30-44 and 46 are still pending. The Examiner hereby withdraws the previous species election requirement. Therefore, all claims (i.e., 30-44 and 46) are examined on the merits.

Reasons for Allowance

3. Applicants' terminal disclaimer submitted 7/18/05 overcomes the outstanding Double Patenting rejection. The Examiner finds persuasive Applicants' arguments with regard to the two outstanding Sounik et al. rejections under 35 U.S.C. 103(a). The prior art of record does not teach or fairly suggest motivation for "both" compounds as recited in claim 30. Although the second compound is fairly taught by the Lazzouni et al. publication, the first compound is not fairly taught or suggested as required by the claims. In addition, Applicants also set forth evidence of unexpected results (e.g., see Applicants' 6/3/05 response, pages 13-14) that would otherwise rebut a prima facie case of obviousness. Therefore, generic claim 30 and all dependent claims are allowed.
